

## Guide to selling to us

### ***What price will you receive for your bullion?***

- We offer a percentage of the spot price for the relevant metal (for example: 95% of spot).
- Spot price is on the website: [www.silverprice.org/silver-price-new-zealand.html](http://www.silverprice.org/silver-price-new-zealand.html)
- Price is customarily locked at the time of handover of metals unless otherwise arranged.

### ***Step by step***

1. **Contact** us or your local BuyBullion.nz Team Member to discuss what you have to sell and organise a time to physically hand over your bullion.
2. **Meet** with the Team Member to have bullion authenticated ([Sigma](#) tested & weighed) & both parties sign the sales contract.
3. **Email** us (to [logistics@buybullion.nz](mailto:logistics@buybullion.nz)) a picture of:
  - Your identification (drivers licence or passport)
  - Proof of residential address (power bill, insurance, bank, or government letter with your name on it)
  - Bank account number for funds to be paid into (must have your name on bank account).
4. For security reasons, **we deposit** \$1 to your bank account, if you are a first time seller. Once you confirm to us or your local Team Member you have received the \$1, full balance due will be paid within 3 working days; or if you are a second-time+ seller, funds will be paid within 3 working days of completing the physical bullion handover.

Thank you in advance for your business and God bless you.
